Inspiration

Submitted by a Reading Room in England. This submission was written by a regular visitor to their Reading Room.

“Thank you so much for all your care and time and love for passersby, that you choose and display in large print relevant passages from both the Bible and *Science and Health*, the Christian Science textbook, in your Reading Room window.

“For several years I stayed nearby regularly to help my dear mother as she needed more active care in later years. I was working part time, and was constantly busy apart from relaxing Sunday afternoons. I was often very tired and felt uplifted and inspired by the quotes [in your window] as I shopped locally. I made a point of reading the displays whenever I had a little time.

“I’m now here more of the time and feel blessed that your church is so nearby. Thank you for your warm welcome when I looked in and attended a local talk. I felt drawn to start attending your Wednesday testimony meetings and find them so enlightening and inspiring: so many beautiful sharings of divine help and healing. I was introduced to your monthly Bible Lesson booklets. It took awhile to feel acquainted with the phraseology, but I now much enjoy absorbing a little at a time. I find the Bible Lessons grounding and enriching and an essential contribution to my quest of ever-deepening my conscious relationship with our Divine parent.”
