

College Summit 2026

October 23-25

Chaperone Guidelines

- All attendees under 18 who are staying in lodging at Principia College must be accompanied by a parent, legal guardian, or chaperone at all times before, during, and after the College Summit 2026 event activities at Principia College.
- Parents of day participants can decide whether or not a chaperone is needed for their minor participant.
- Only the parent or legal guardian can designate a chaperone for their child who is under 18 ("minor"). A parent or legal guardian may only designate a chaperone for their minor by doing so on their minor's College Summit 2026 registration form.
- The designated chaperone of any minor must register themselves individually in order to attend the College Summit 2026 *and* serve as a chaperone.
- Parents and legal guardians must work with any designated chaperone to set expectations about the supervision of their minor(s).
- There will not be chaperones provided at the College Summit. Therefore, in order for a minor to participate in overnight lodging, they must be accompanied by a parent, legal guardian, or chaperone (only as designated by the parent or legal guardian on their minor's registration form).
- Chaperones staying in College Summit 2026 lodging at Principia with a minor must be the same gender as the minor attendee they are chaperoning.
- All minors staying in College Summit 2026 lodging at Principia must be accompanied by a parent (or chaperone chosen by the parent). College Summit 2026 lodging has a limit of 4 people per room, one of which must be an adult.
