#### **Rebuilding trust: How we find the confidence that drives renewal**

How can your Christian Science Reading Room help your community build trust in a polarized world? Whether praying about upcoming elections, global wars, or even local unity, consider sharing *The Christian Science Monitor's* new series, "Rebuilding trust," with your community.

Beginning in February, *The Christian Science Monitor* will expand on its unique, values-based approach to the news with a closer look at the value of trust and how it brings a new sense of connection and hope to help us find common ground in a divided world.

"Rebuilding trust" begins February 1 with 2-3 articles per week highlighting trust. Articles will be featured in the Weekly, Daily, and at CSMonitor.com.

A Reading Room press kit, which includes supporting promotional materials (fact sheet, flyer, poster, and more), will be available in the coming weeks. This press kit will be added to the Reading Room Dropbox for you to share with your community in creative ways.

Thank you for your support in sharing *The Christian Science Monitor* with your community.
